Please use the space provided for any additional comments concerning the proposed Loop 1604 Super Street:

There were not enough people to answer questions at each map. The maps were hard to decipher. We don't need more traffic lights. We definitely do not want a toll road. We need to eliminate the present traffic lights. I don't like to waste fuel by having to turn right and travel an extra mile to get on 1604.

Comment:

I've lived here 11 years and 7 years ago Access from
Bowens crossing to Loop 1604 south was stopped and
diverted to New Guilbrea Rd. The only way the access is diverted
is through a 2 block small street April Bend and it is not
meant to be a feeder street for New Guilbrea Rd.
The Northwest Territories (5000 homes?) anybody that has
to use 1604 south = Wadswia/Citicorp/Research Park/etc etc. has
to use new Guilbeau or Les Harrison to Culberr Rd. That
is crazy. Build a Freeway !!!!!! Not a bandaid.

Comment:

My concern is the access rd past the sharenfield light that connects onto Leslie Rd. I'm concerned about the traffic ^{going} northbound on the road to get onto 1604 and the traffic exiting onto Leslie. May it be possible to ~~so~~ make it safer by only allowing traffic on Leslie Rd and not back onto 1604? Many wrecks have occurred at this small intersection.

Please include your name and mailing address with all written comments. Comment forms and/or letters should be mailed to Loop 1604 Super Street c/o Alamo RMA, 1222 N. Comment: Until the Shaenfield extension is completed,
PLEASE make sure that the new light on
south bound 1604 for the u-turn is
not activated, as this u-turn is solely
for cars turning south bound onto 1604
from the currently non-existent shaenfield extension.

Thanks!

Great idea. Glad you are doing this.
I don't see how you are getting everything done.
Hope it works - I avoid driving on this
part of 1604.

Comment:

I believe that the 151/1604 proposed changes will have minor to no benefit in that the Colbre entrance ramp (which is very congested today) + the left turners onto 151 from 1604-south will all be on the service road which will only have 3 left turn lanes. I believe this will backup & is only worthwhile if combined w/ the ^{proposed} underpass @ 151/1604. A more cost-effective idea would be to simply add a third left turn lane from 1604 south to 151 East.

Please include your name and mailing address with all written comments. Comment forms and/or letters should be mailed to Loop 1604 Super Street c/o Alamo RMA, 1222 N.
