ALAMO REGIONAL MOBILITY AUTHORITY LAUNCHES NEW WEBSITE
Public meeting schedule announced

(SAN ANTONIO) – June 16, 2006 – The Alamo Regional Mobility Authority (Alamo RMA) has launched a new, interactive website – www.AlamoRMA.org - to keep citizens up to date on news and updates regarding area transportation projects. The new look and feel of the website guarantees easy navigation and includes information about the Alamo RMA and the projects the Alamo RMA is currently developing.

The Alamo RMA has received development authority rights from the Texas Transportation Commission to evaluate and potentially develop added capacity toll lanes on three projects within Bexar County. They include segments* of Highway 16/Bandera Road, IH 35 and Wurzbach Parkway. Additionally, the Alamo RMA continues to work closely with the Texas Department of Transportation on evaluating the US 281 and Loop 1604 potential toll projects.

"The new Alamo RMA website is just one in a number of proactive steps we will be taking to keep the public informed about the ongoing evaluations of our projects," said Terry Brechtel, executive director of the Alamo Regional Mobility Authority. "Our intention is to provide current information in a timely manner and to provide an opportunity for citizens to submit questions and suggestions to us directly."

Along with this information, the public can sign up for announcements from the Alamo RMA as they happen by filling out the information on the "Stay Informed" link. This link allows citizens to select only the information they request such as updates on a particular project, quarterly newsletters or updates on a specific study.

Additionally, citizens can learn more about these projects at public meetings** that are designed to include a presentation by the Alamo RMA and a forum for citizens' input and questions. The doors will open at 6:30 p.m. and each meeting will begin at 7 p.m. The dates and locations of these meetings are:

- 7 p.m. Tuesday, July 11, 2006 — Holmes High School, cafeteria, 6500 Ingram Road, 78238
- 7 p.m. Tuesday, August 15, 2006 — St. Philip's College, Heritage Room, 1801 Martin Luther King Drive, 78203
- 7 p.m. Tuesday, August 22, 2006 — UTSA, Classroom 0.104, 6900 N. Loop 1604, 78249
- 7 p.m. Tuesday, September 12, 2006 — South San Antonio High School, Cafeteria, 2515 Navajo, 78224

About the Alamo Regional Mobility Authority

The Alamo Regional Mobility Authority is charged with significantly accelerating needed transportation projects within Bexar County. The Alamo RMA works in conjunction with the Texas Department of Transportation (TxDOT), the San Antonio - Bexar County Metropolitan Planning Organization (MPO) and other agencies to provide a tolled lane network as one solution to the overall transportation challenge facing this region.

**The new website features maps of each project including total mileage of the projects that are being studied by the Alamo RMA. Each project page will be updated with more information as the project evaluation process moves forward.*
***Additional details about each meeting will be released closer to the meeting date.*
